

# Climate Protection Certificate

We hereby confirm the contribution of the company

**PEMA Verpackung GmbH**  
**towards saving greenhouse gases**  
**in 2020.**

By recycling the paper sacks of your customers, REPASACK achieved savings of 3,883.01 kilograms of greenhouse gases in 2020.\*

This corresponds to the average CO<sub>2</sub> emissions of a car that has covered 27,735.78 kilometres.\*\*

In addition to this, 41,477.59 kilograms of resources\* were saved.

We would like to thank you on behalf of environmental and climate protection.

Markus Müller-Drexel  
Managing Director of REPASACK GmbH

Frank Kurrat
